### PROFILE

As a motivated and detail-oriented IT student with foundational knowledge in software development, foundational understanding of network connectivity. Who is eager to apply the academic and technical skills to real-world challenges in an internship setting. Well verse in programming languages such as C#, and Java. Excellent problem-solving abilities and a collaborative team player, seeking to contribute to innovative projects while gaining practical experience in the IT industry.

---

### WORK EXPERIENCE

As a final year student under the Bachelor's course of IT most of the experience I have developed over the years stem from College projects given and personal projects that I undertook to further develop my own skills and understanding. The ongoing projects can be found within my GitHub link, skills under-refinement while undergoing these project are as follows:

- HTML
- CSS
- JavaScript
- PHP
- C#
- Java

### IMMEDIA SUMMER SCHOOL

Summer School Student 2019 December  
This is was a summer event that took place as a pre-requisite to my application at Varsity College. Throught this the students were expose to real world senario's in the work place.

TO WHOM IT MAY CONCERN,

I am writing to express my strong interest in the applying position at your company, as advertised. With a keen enthusiasm for technology and a solid foundation in computer science, I am eager to contribute to your team and gain valuable hands-on experience in the field.

Currently pursuing a degree in Bachelor's of Science in Computers at Richfield Graduate Institute of Technology, I have developed a understanding of key IT concepts and principles. My coursework has equipped me with knowledge in areas such as networking, programming languages, and basic cyber-security. Moreover, I have actively sought out opportunities to apply this knowledge through projects and extracurricular activities.

In addition to my academic experience, I possess excellent communication and interpersonal skills that enable me to effectively interact with team members, stakeholders, and end-users. I am a quick learner who thrives in dynamic environments and is committed to continuous growth and improvement.

I am excited about the opportunity to contribute to your company and am confident that my skills and enthusiasm for technology make me a strong candidate for the applying position. I am eager to bring my passion for innovation and my dedication to excellence to your team.

Thank you for considering my application. I look forward to the possibility of discussing how my background, skills, and aspirations align with the needs of your team. Please find my resume attached for your review.

SINCERELY,

ERICK MOGOR
